

Westwood Comprehensive Plan

The Westwood City Council adopted an updated Comprehensive Plan for Westwood on July 13, 2017 with passage of Ord. No. 981. The process for developing an updated plan for Westwood took over two years, with the development of a formal request for proposals (RFPs) in early 2015. The plan, through its development, adoption, and implementation, focuses on establishing a clear vision for the future of Westwood and appropriate goals, strategies, and other activities to achieve that vision.

The 1997 version of the Comprehensive Plan for the City of Westwood was adopted by voice vote by the City Council on September 11, 1997.

A Comprehensive Plan report for the City was completed by HNTB in September of 1970.
